

Name of Program	Accreditation of Child Care Centers and Family Child Care Homes
Description	It is anticipated that approximately 370 child care and development centers and 900 family child care homes will receive accreditation through this project. All of the sites have been selected and are receiving training and support through the accreditation process. Funds can be used for expenses related to accreditation including technical assistance, outreach, accreditation fees, equipment, supplies, and training.
Administrating Agency and Partners	California Department of Education and the California Association for the Education of Young Children
Website Link	http://www.caeyc.org/accreditation/hmpg_cdfap.htm
Resources Available	This site gives you information about the jointly sponsored California Department of Education and the First 5 California Children and Families Commission accreditation project. It provides information on how to contact the project manager, and gives you a 10-step guide on how to become accredited. It also lists training that is available in each county and provides a link to the <i>Pre-Kindergarten Learning and Development Guidelines</i> training and program overview.
